Impact on progress: Evaluation point summary 2015/16 academic year

% attaining Age related Expectations at the end of the academic year (Internal school data)					Comment
Yr Grp	Re	Wr	Maths	combined	In all year groups Pupil Premium children achieved higher than non-pupil premium children except in year 2 due to Pupil Premium children overlapping with SEND challenges. We put extra teacher in for this group and monitoring them in Year 3. In Year 3 and 6 PP children achieved higher or matched in Maths and Reading but achieved lower in writing so our whole school focus is upon opportunities for extended writing.
