

Dear Parents and Carers,

A very warm welcome to Earlham Primary School!

I am delighted that you have expressed an interest in sending your child to our wonderful school. We understand that choosing the right school for your child is an extremely important decision and a big step in their life.

Ordinarily, we would be inviting you to visit the school and to meet with key members of staff. Regrettably, this is not currently possible due to the current situation arising from the Covid-19 pandemic but we hope that our prospectus, website, promotional video and promotional tour will provide you with useful information and help you to gain an overall impression of our school.

We are committed to working in partnership with parents and carers to ensure that every new child's start to school is as exciting, positive and memorable as we can collectively make it and strive to improve the life chances of every child in our care by providing high-quality education and effective family support.

Our school provides a welcoming, safe and inclusive learning environment built on mutual respect and trust. We challenge, encourage and inspire our pupils to reach their full potential and to achieve positive emotional, social and physical wellbeing.

Our children love to learn, welcome challenge and are not afraid to make mistakes. They are confident and curious learners and our aim is for them to become active and informed global citizens who are able to succeed in a complex and changing world.

The school has undergone a huge transformation as part of the Priority Schools Building Programme, funded by the DfE. We recently moved into our fantastic new school building and are now looking forward to seeing the completion of our new outdoor play spaces in the spring of 2020. Our new school provides our pupils with modern facilities and technology in an inspiring, stimulating and exciting new learning environment and brings fresh investment into the area for the local community.

Our dedicated team of staff is committed to developing the potential of every learner. We work hard to ensure that our children are supported to become independent, resilient, creative and motivated individuals who aim to be the best they can be.

As a school we encourage enquiring minds and positive attitudes to learning, ensuring equal access and opportunities for all. Our core purpose is to enable all children to develop their confidence, all round ability and unique talents to the highest standard that they can achieve.

We provide opportunities for our pupils to embrace the diversity of the school and the local and international communities to which we all belong. We have high expectations of behaviour and academic performance and our children are inspired to work hard and to take an active role in their school community.

In partnership with parents/carers, governors and the community we serve, our school encourages pupils to value their own achievements and to know that their efforts will be valued.

Our staff and children enjoy coming to school and learning together and every member of our school community values the importance of treating each other with respect, inspiring each other to succeed and celebrating achievements.

If you would like to find out more about our school, please do not hesitate to contact our school office.

I look forward to welcoming you and your child to our happy school community in the near future.
