

Wednesday 27th January 2021

Dear Parents and Carers,

Remote Learning Provision Survey

I hope that you are managing to keep safe and well. I am writing to you all to convey my thanks for how positively you have supported the school, pupils and staff in engaging with remote learning this month.

It has been encouraging to see an increasing number of pupils accessing Google Classroom over the past few weeks and lovely to see the great work the children are producing. We understand that supporting children with learning at home can be challenging, especially if parents/carers and other family members are working from home too. We really do appreciate the fantastic job that you are doing!

As you will be aware, the School monitors levels of pupil engagement in remote learning. Online learning via Google Classrooms is monitored on a daily basis and we will make contact with you if we note that your child is not participating in any of the remote learning activities that are being provided to ascertain how we can offer support.

Parents and carers are expected to take an active interest in all areas of their child's remote learning by supporting where they can and we want to make sure that we are providing you with important guidance and helpful resources to assist you to do this. Please visit the Remote Learning section of our school website for further information.

To help us to make sure that we are providing the right support for you and your child, we would like you to complete a simple survey on remote learning by Monday 1st February 2021. You can access the survey by clicking on the following link <https://forms.gle/FC21k22K3oPWhUm9A> or via the text message that has been sent to you this afternoon.

Your feedback is very important to us and your replies will be treated in the strictest confidence.

Many thanks in advance for your ongoing support.

Yours sincerely,

N Rezai
